

Respireo **SOFT**
Facial

Simplicity in comfort

Respireo SOFT Facial

UNIVEO™ Headgear

- 5 connection points for a peripheral stability and even distribution of pressure points

Self-regulation of the inclination of the **frontal branch** thanks to the **silicone bumper**

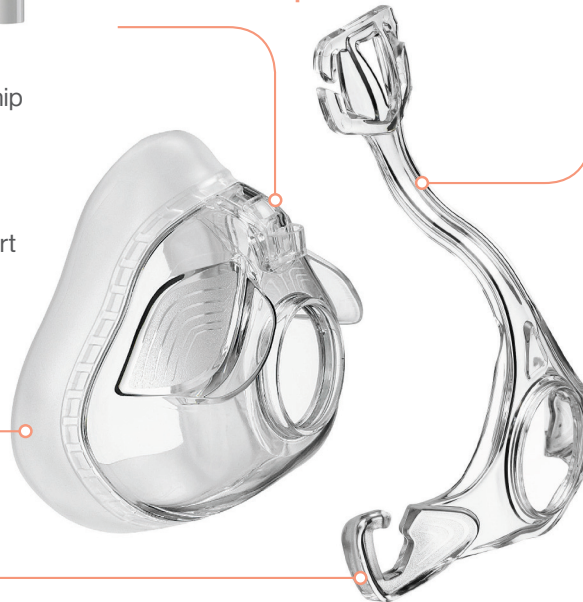

Thin and flexible frame

- Provides an unobstructed field of vision
- Optimal contact of the cushion on the patient's face thanks to the flexibility of the frontal branch

Cushion SOFT

- Developed in close partnership with experts
- Ensures a balance between flexibility and firmness while providing reliable sealing at varying pressures and comfort for the patient

3 sizes available (S, M and L)

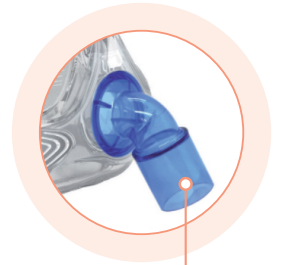

Quiet leak

- Provides silent CO₂ washout for a comfortable sleep experience for both the patient and his/her partner

360° rotating elbow

- Allows for an enhanced freedom of movement to minimize any disruptions during the patient's sleep

Respireo™ SOFT Facial is also available in **Non Vented version**

Ergonomic hooks

- For a quick assembly and disassembly of the UNIVEO™ headgear

HEALTHCARE

Respireo™ SOFT Facial is a reusable oronasal mask with calibrated exhalation orifices (Vented), intended to be used at home or in a hospital setting by multiple adult patients (weighing more than 30 kg) who have been prescribed for a non-invasive positive pressure ventilation therapy (NPPV), for example a continuous positive airway pressure therapy (CPAP) or Bilevel positive airway pressure therapy (BiPAP).

Respireo™ SOFT Facial Non Vented is a reusable oronasal mask without calibrated exhalation holes intended to be used at home or in a hospital setting by multiple adult patients (weighing more than 30 kg) under Non invasive Positive-Pressure Ventilation (NPPV).

Medical devices class IIa CE0051. Please read the user manual.

* This spare part is for the Vented version.
